A black and white photograph of a snowy landscape. In the foreground, there are dark, silhouetted bare trees. A path or clearing leads into the background, where a small, dark, rectangular building, possibly a cabin or a garage, is visible. The ground is covered in snow, and the overall atmosphere is cold and desolate.

## Dedication

Each year, the yearbook is dedicated to whomever the seniors feel has had the greatest impact on their lives. In our four years here at the high school, we have received a tremendous amount of guidance and encouragement from many people. We should especially like to thank our various advisors and the entire faculty, but especially Mr. Forlini. He has spent a great deal of time and effort on guiding each of us in our plans for the future. His work for us has been greatly appreciated and he will long be remembered.

This year the class of 1984 has chosen to dedicate our yearbook to our parents. They have been with us since birth, as teachers, but most of all, friends. Thank you, parents, for your love, help, and concern. But thank you, especially, for always being there for us.

## Motto

"We are the future, looking back on the past.  
We are the present, making new ways last.  
We are tomorrow, thinking of yesterday,  
We are today — doing things a new way."

## Colors

## Song

"Do you know where you're going to?  
Do you like the things that life is showing you?  
Where are you going to, do you know?  
Do you get what you're hoping for?  
When you look behind you there's no open door.  
What are you hoping for, do you know?  
Once we were standing still in time,  
chasing the fantasies that filled our minds.  
And you know how I loved you but my spirit was free;  
laughing at the questions that you once asked of me.  
Now just looking back at all we planned,  
we let so many dreams just slip through our hands.  
Why must we wait so long before we see  
how sad the answers to those questions can be?  
Do you know where you're going to?  
Do you like the things that life is showing you?  
Where are you going to, do you know?"

— Diana Ross

In September of 1980, we were just a bunch of young rookies who had been recruited to start a new baseball team called the Panthers. Led by Edie Mickey, Betsy Donihee, Carol Kessler, and Stephanie Cunningham we went to training camp to improve our skills. Our owners Mr. Philip Morton and Mr. Salvatore Saitta and our coaches Mr. George Lelievre and Miss Rosemary Haraburda helped us prepare for our first big game, the annual pep rally. We put forth a strong effort but lost the rally with the theme "Panthers Rocket to Success." We celebrated our efforts with a relaxing day at the beach.

Led by Edie Mickey, Dianna Sinsigallo, Jim Sherman, and Joe Norton and coached by Mr. John Dorko and Mrs. Penelope Bosworth we went into training for our second year. This time we finished third in the big game with the theme "Panthers Walk All Over You." We were in need of new equipment, so we had a candy sale to raise the funds.

Now in our third year as a team, we were no longer looked at as a bunch of young rookies. We decided that it was time we show our true skills and win the big game. Led by Maureen

Russell, Keith Clisby, Sue Amelotte, and Joe Norton we began preparations for the game. We worked very hard, and our efforts paid off. We won with the theme "Panthers Eat 'Em Up." We celebrated our glorious victory by attending a dinner dance held in our honor at La Renaissance. Lisa Ziegler was named All-Star for our team.

With new leaders, Walter Kruzel, Keith Clisby, Michelle Thurz, and Joe Norton and coaches Mr. John Dorko and Miss Bonnie Ashworth we started our fourth year as a team. We decided to strive for another big win because at the end of the season, our team was to be disbanded. We worked extremely hard and once again were victorious at the big game with the theme "Rock to the Top With the Panthers."

At the end of the season, we celebrated our victories and efforts with a banquet. A ceremony was also held in our behalf to give recognition to all the members of the team. We received awards and praise for the work we had displayed over the past four years as a team. We all had different plans for the future. Some of us would be recruited by bigger teams and others decided to give up baseball for another profession.

## New Horizons

New horizon  
Before the dawn  
Dew upon them  
Freshly drawn

Take tender steps  
To savor the dew's touch  
Let it melt in your soul  
It rescues so much

It rescues the doubt  
That you feel in your heart  
Fear of Failure  
You meet at the start

But the dew is life  
Which fuses with sun  
Sparkling glitter  
Paths just begun

The fulfilled horizon  
Is met with chances taken  
Take them with confidence  
Dreams won't be forsaken

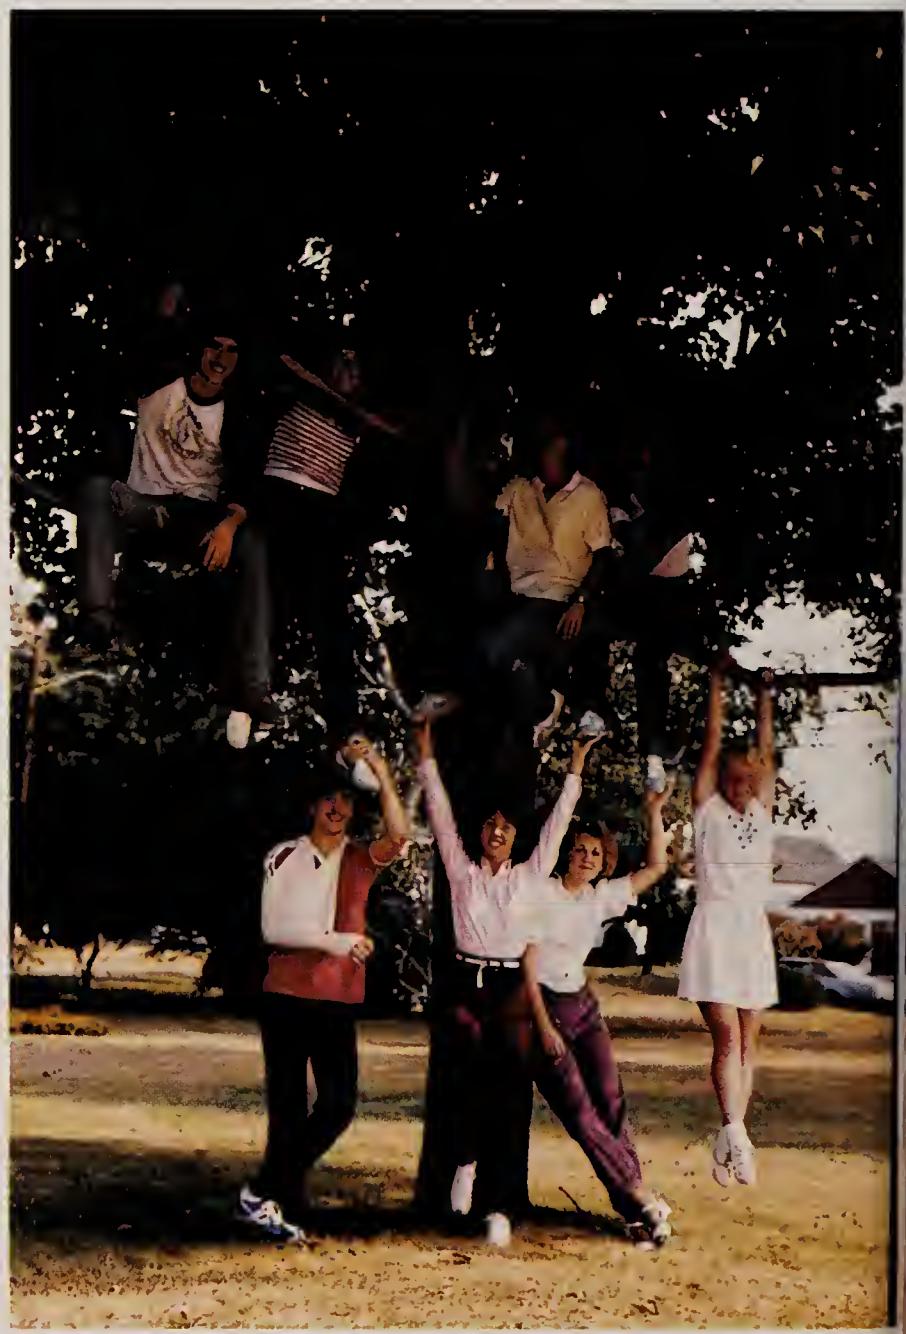

The horizon of life  
You'll never find its end...

## ADMINISTRATORS AND ADVISORS

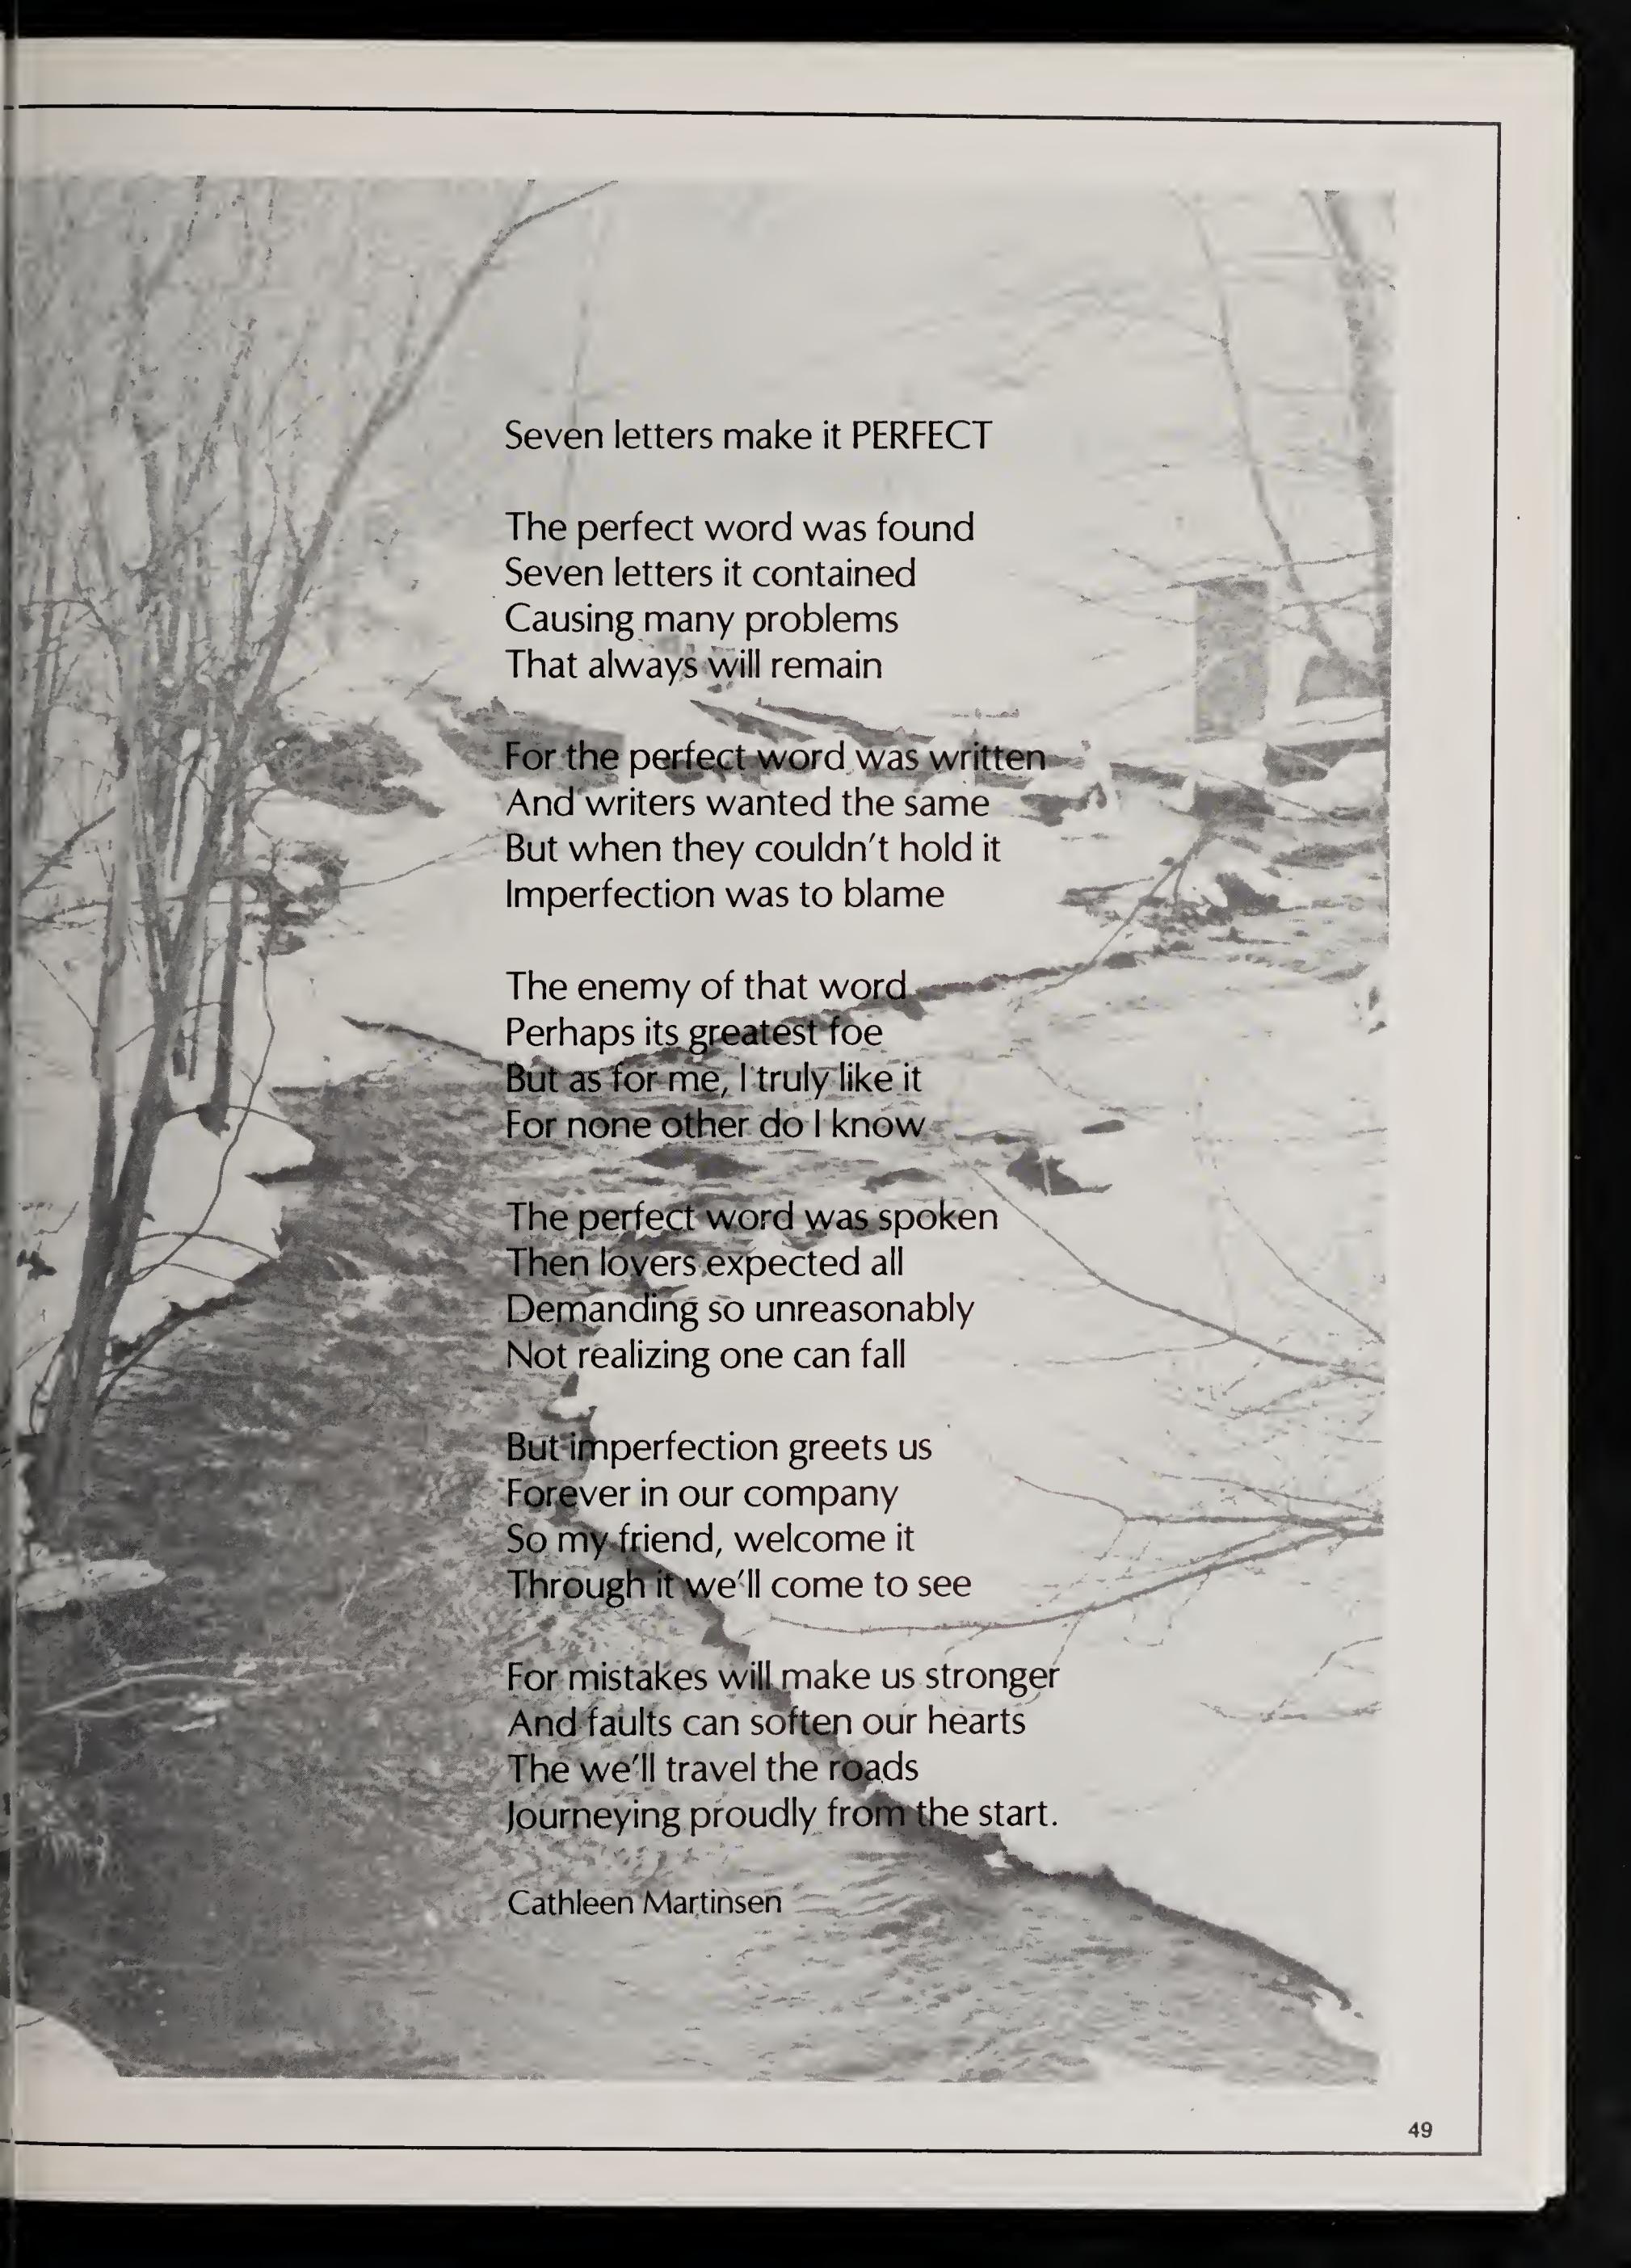

Throughout our four years at East Windsor High, we have benefited greatly from the attention from various people. This commitment has taken many forms. Dr. Teller is the Superintendent of our school system. Mr. Morton serves as the Director of Secondary Education. Mr. Saitta acts as the Housemaster for the high school. These three people oversee all of our academic and extracurricular activities.

We have received tremendous assistance from our two advisors: Mr. Dorko and Miss Ashworth. They have worked with us on activities such as pep rallies, fund raisers, the Junior Prom, and graduation. A man who helped us greatly during our senior year was Mr. Castelli. He spent a great deal of time working with us as our Yearbook Advisor. Last, but certainly not least, we would like to cite the help given to us by Mr. Forlini, our Guidance Counselor. He has helped us all for four years with academic as well as personal issues, and has especially helped us concerning our college and career plans.

## Seven letters make it PERFECT

The perfect word was found  
Seven letters it contained  
Causing many problems  
That always will remain

For the perfect word was written  
And writers wanted the same  
But when they couldn't hold it  
Imperfection was to blame

The enemy of that word  
Perhaps its greatest foe  
But as for me, I truly like it  
For none other do I know

The perfect word was spoken  
Then lovers expected all  
Demanding so unreasonably  
Not realizing one can fall

But imperfection greets us  
Forever in our company  
So my friend, welcome it  
Through it we'll come to see

For mistakes will make us stronger  
And faults can soften our hearts  
The we'll travel the roads  
Journeying proudly from the start.

## Special Friend

With you I need not wear a mask  
For you've seen both bad and good  
Whenever there was reason for me to doubt  
You've made me feel I could

You've lended your ear  
In times I needed most  
And even when my troubles weren't invited  
You were a thoughtful host

The laughter of days before  
Rings clear as days of present  
And if I could not smile  
To me — your happiness lent

Though other friends be false  
I know our trust be true  
For you have a special kindness  
That is in so very few

And when that fateful time has come  
Parting separate ways  
Your smile will be in my heart  
The memory of brighter days

Just one last thought before you leave  
For you are that "special friend"  
If you should ever need a smile  
Remember . . . you'll smile again
